

## AN EASTER PRAYER

*Loving Lord, with Easter we see the veil of darkness transforming to the brightest light.*

*An ending becoming the most beautiful beginning.*

*We remember with trembling hearts the depths of anguish fading to reveal hope everlasting.*

*The fear of death defeated by eternal life.*

*We remember with thankfulness your willingness to stand in our stead for our sins.*

*We sing with abounding joy of your miraculous rise, from the tomb to resplendent life.*

*Thank you for the promise of heaven and your generous invitation of eternal life for all.*

*An ending becoming the most beautiful beginning.*
