

Mother's Prayer

Prayer for all mothers, for motherhood, for maternal bonds, and the influence of mothers in society.

God of all holy people, of the leaders of the Old Testament, Sarah, Ruth and Rebekah

Of holy Anne the mother of our Lady, for Elizabeth, the mother of John the Baptist and holy Mary Jesus 'mother bend down your ear to our request and bless all of our mothers, motherhood, maternal bonds and the influence of mothers in society.

Bless them with the strength of your spirit, the melody of your love and ensure them all a place at your eternal table.

Bless them for their love for us, for giving us a voice to speak out and to sing
For giving us life, feeding and nurturing us, helping us when were are ill,
crying with us in the sad times and jumping for joy in the good.

Bless them now and always with good things, with health, bring them joy, love, laughter
grant them pride in their accomplishments and surround them with many good friends.

In the fullness of time bring them home to yourself where they will gain your embrace
forever rejoice with their families and friends.

With this blessing and all grace, we pray, descend upon all of our mothers, motherhood,
maternal bonds and the influence of mothers in society watching over them at this special
time and in all the times to come.

We ask this prayer through your name now and forever Amen
