

SIMPLICITY

Be very simple, all of you, and speak in the presence of God, giving an unbiased account to those whom you speak.....

Spiritual Writings. Pg. 588 L. 566

Simplicity is Truth - it can take the form of:

Speaking the truth-saying things as they are.

Witnessing to the truth-living out what you believe and say.

Seeking the truth- being real and genuine.

Practicing the truth in love-performing works of justice and charity, making the truth creatively come alive in the world.

Do I always speak the truth in love in my daily life?

Do I try to live the truth and defend it in situations of injustice?

Am I genuine and authentic in my relationships?

God, pour your Spirit of simplicity into my heart so that I may continue to grow as your true follower by always fully co-operating with your grace. Amen
