

## *PROVIDENCE OF GOD*

*Let Divine Providence lead you in this and in all matters.*  
Spiritual Writings. Pg. 280 L. 244

*It is Divine Providence alone which must keep us and provide for all our needs, particularly those which human prudence can neither foresee nor meet.*

Spiritual Writings. Pg. 164 L. 153

Louise learned that the deepest meaning of Divine Providence is that God cares. Whether we acknowledge Divine Providence or not, God embraces us, sustains us, and provides for us at all times. Knowing that God cares leaves us free to embrace all of our troubles with an incomprehensible trust. Trusting in God's Providence liberates us from fear.

- What or who do I place my security in?
- Reflect on some ups and downs you have recently experienced and ask yourself: Was I aware of Divine Providence at work?
- Do I give thanks to God for my loved ones, friends, talents and skills—or do I take them for granted?

Provident God, thank you for all your bountiful gifts and for the way you care deeply about me. In your goodness, please continue to guide me each day. Amen.
