

Telstra Bill Assistance Referral Form

Companions seeking assistance with their Telstra bill can apply for help via Telstra's Specialised Assistance Team. This process replaces the old voucher-based assistance program. There is no set dollar value of assistance they will provide, rather each case is assessed individually.

If your companion requires assistance with their Telstra bill, please complete the following details and return it to Conference Support by clicking the **Submit** button at the bottom of the page and we will submit the referral to Telstra on your behalf.
